Forgot to tell you:

When Time ran the not-too-bad  
piece on Marchetti & book (Jesse Cook  
did it), Hugh Sidey phoned Helms about  
it. Effort, I gather from Sidey, was to  
see if Helms had anything to add to the  
piece, or to comment on it if he wished.

I would suspect that Sidey is  
news  
one of the few/guys Helms would lift  
up a phone to talk to under present  
conditions. They lunched together last  
time Dick was here, Sidey said.
